

Great. Big. Graphics.

San Francisco Bay

It's back-to-school time again--or was a few weeks ago! The scent of eraser dust and pumpkin spice on the breeze. Shorter days and busier schedules. And we've been busy here at SpeedPro Imaging as well - printing cool large-format projects that are loosely associated with the fall season. Enjoy!

Giant Library Cards

September is National Library Card Sign-Up Month and San Mateo County Libraries are encouraging readers to hit the books with some super fun giant library cards. We fabricated the cards using our popular and versatile PVC substrate with a dry-erase laminated prints on the signature side.

While you can't fit these giant cards into your wallet, you can pose for pictures with them at your local San Mateo County Library location. And don't forget to post your favorites on social media to spread the word! #LibraryCardSignUp #SMCLibraries #MyLibraryIsIncredible

Just for fun, we've compiled a reading list of our staff's favorite books! => => =>

- Ansel's Pick: **Frankenstein** - Mary Shelley
- Paul's Pick: **The Right Stuff** - Tom Wolfe
- Gillian's Pick: **The Unbearable Lightness of Being** - Milan Kundera
- Jenny's Pick: **The Handmaid's Tale** - Margaret Atwood
- Chris' Pick: **Gates of Fire** - Steven Pressfield

Proterra Demo Bus

You can't ride it to school, but you'll look pretty smart riding in a bus that saves the

environment with every mile. We recently wrapped a 40-foot bus for one of our favorite clients, Proterra - a company that designs and manufactures battery-electric, zero emissions transit vehicles. The bus already had substance, and now with our help, it's also got style. We printed and installed hundreds of square feet of vehicle vinyl and transformed the bus into a high-contrast, eye-catching work of art!

Look! A Cute Doggie!

Because who can resist a cute doggo? Make that two cute doggos! We made a life-size cut-out of our fluffiest client, Nico. And even though we printed the doppelganger, we still have to do a double-take to figure out which is which!
